

# Viveka Kalidasan, PHD

Postdoctoral research fellow at  
National University of Singapore  
/ Founder of Avantgarde-  
Initiatives

## Summary

---

As a Technopreneur, I develop and translate wireless sensing (WISE) medical implants for patient-centric healthcare. As the Innovator and CEO (designate) of WISE, I lead the product and business development strategies of WISE technology. As the Founder of Avantgarde-Initiatives, I provide a platform to empower talents.
